RE: Management of Beach Driving for the Protection of Natural Resources at Cape Hatteras National Seashore

Dear Walker,

I am a Conservation Programs Biologist for Ducks Unlimited, Inc. in our Great Plains Regional Office and have recently been informed of my name and that of my employer appearing on a letter to the National Park Service regarding ORV use and management at Cape Hatteras National Seashore in North Carolina. The attached letter is not reflective of my personal opinion regarding the issues at hand, nor does it coincide with my job duties and the mission and vision of Ducks Unlimited. I have had no affiliation with North Carolina, nor shorebird matters in either job related or personal activities. Furthermore, Ducks Unlimited has specific procedures for handling public policy issues such as this. I would greatly appreciate both my name and that of Ducks Unlimited removed from the letter and would be happy to speak with any individuals or regarding this misunderstanding.

Respectfully yours,

Heather L. Shaw
Conservation Programs Biologist
