

PRESS RELEASE

OBPA is committed to doing a better job of keeping you abreast of news on what is happening with access issues at the Cape Hatteras National Seashore Recreational Area.

Volunteer teams have been put in place to (1.) keep the web site updated with new and more active visitor participation, (2.) Give timely and helpful answers to e-mails for its members and visitors, (3.) Handle contributions, membership dues, and delivery of ordered items in a timely manner, and (4.) update e-mail/ mailing addresses and membership status.

"BEACH KEEPER", OBPA's newsletter is to be mailed in the next 10 days and we know that many will be returned due to outdated mailing addresses. Please either send an e-mail to info@obpa.org or a note via U.S. Mail to update your e-mail and/or mailing address, including your name, address, city/state/zip, and easy to reach phone number. This information will be cross-checked with our database and updated.

The updating and purging of our present database is both a slow and ongoing process. Shortly, you should be receiving frequent e-mail updates from OBPA's Board from its newly implemented database program.

Thank you for your patience and support!
